The company thoroughly appreciated the music, and departed about 9 o'clock. ## SHIPPING NOTES.

The Iwalani brought 2,923 packages of sugar this trip. The weather at Kau was very rough. The native boy who got killed at Honuapo was named Kapela.

The Loch Lee is 54 days out from New Castle, N.S.W., with about 400 tons of coal. She is daily expected.

## CORRESPONDENCE.

Correspondence is solicited on the topics of the day, or what may become so. We reserve the right to excise purely personal matter.

## HONOLULU, Dec. 15, 1882.

Mr. Editor:—Seeing a notification in the *Daily Advertiser* in regard to the widening of Merchant and Alakea streets. I thought it would not be amiss for us poor unfortunates who reside over Smith Bridge, to ask what has become of the petition which we sent in, and if there has been any notice taken of it? We, I consider are entitled to a little consideration, we pay our taxes and do not complain. Even when the assessment was raised seventy-five per cent we stood it, thinking it was done to give us some improvement over in our district.

In case of fire we are helpless, as no assistance could reach us, as was the case with the last fire we had in our neighborhood when a life was lost.

When you reach Smith's Bridge you are at the end of the thoroughfare, or will soon be so, for the stream has newly washed away the narrow path which the Government has kindly given us as the right of way.

It would be no more than proper for the Government to appoint a committee to visit that district (let it be on a rainy day) and see if something cannot be done for the poor people who live over there. We, as a class are working people, and have not the means to waste in buying influence, all we ask is a little of the benefits which we have paid so dearly for. Respectfully, A TAX PAYER.

## HONUPO.

(By Our Special Reporter.)

An accident occurred here on Tuesday the 12th inst., by which a kanaka belonging to the steamer Iwalani met with his death. It appears that the steamer's boat got on the reef and in shoving her off, she was caught by a sea whirled round and struck the unfortunate man breaking his neck, death was instantaneous. He was buried in the afternoon, the young man was a native of Honolulu, and much liked by his comrades and officers. Had the new wharf been completed that would not have happened, it is the finest wharf out of Honolulu and will make the route via Honuapo the favorite one. The wharf was opened for traffic to-day, the 13th inst.

## LOCAL AND GENERAL ITEMS.

We have been informed that the bouquets presented on Tuesday night were for two of the bridesmaids.

The reason why the \$2,000,000 loan has not been floated in San Francisco is, because it draws too much water.

We are the recipients of an elegant chromo wall Almanac for 1883, from Mr. Wells of the Music Store. The design is very tasty.

The Band will give the next moonlight concerts on Tuesday, Dec. 19th, and on Friday, Dec. 22d, in Emma Square, weather permitting.

The Teacher's Association held an informal session on Thursday evening in Fort Street School. The programme for the session during the first week of the New Year was drawn up.

WHILEST so many other rattles are being got up now, Mr. D. W. Clark's rattle of a beautiful musical

box, worth \$100 must not be forgotten. Tickets can be had at his shop on Hotel street.

YESTERDAY morning about 170 sheep were landed from the Iwalani. We noticed, with great satisfaction, that the usual cruel practice of tying their legs together has been discontinued. The sheep were lifted over the side of the vessel and driven to the pen erected for them.

We are requested to draw the attention of parents and others to the fact that on next Wednesday afternoon will be one of the last practices for the Christmas carols by the Fort street Sunday School choir. A full attendance is requested.

Mr. Cruzan will conduct services at Fort street Church, Sunday, at the usual hours. In the evening the sermon on "A Needed and a Winnowed Book" will be prefaced with a short prelude on "Gaps in the Development Theory."

PREPARATIONS are being made for Christmas in all directions. Next Thursday the Bethel will be the scene of a Christmas gathering, Friday will bring forth a Christmas tree for the Chinese school, and Saturday afternoon at 3 o'clock a Christmas tree will also be shown in the vestry of Fort street Church. During the same week the Iolani College authorities intend giving a tree to the boys attending it.

A fine specimen of local book-binding is to be seen at Messrs. J. W. Robertson & Co.'s bookstore. We understand that he has received several orders for others of a similar nature. We cannot understand why the Government with such fine work in the shape of printing and book-binding as is done in this country, send so much of their work out of the country? People here have to pay taxes and license fees to the Government and this same money is used in buying outside of the Kingdom, what could be done as well in it.

## FROM THE MUSICAL CONSERVATORY, 802 BROADWAY, N. Y.

I am most happy to bear testimony to the great superiority of the Mathushek Pianos. I have been familiar for years with all of our most distinguished pianos in this country, and I do not hesitate to say that the upright is, in all respects, superior to the common sized square, by all other makers, and that the Orchestral (common sized square) is not surpassed, if indeed it be equaled, by any Concert Grand I have ever seen. These Pianos must take the lead of all known instruments, and their peculiar construction renders them by far the most durable, and the least liable to get out of tune.

EUGENE J. MERRIAM.

Organist Dr. Stryker's R. P. D. Church, cor. 34th St., and 8th Av.
